**Number of Coupons Redeemed:** Per Week: 15 Per Month: 60

**Comments:**

We have been participating in the register tape program for a year now and have had an excellent return on our investment. I will definitely renew our advertising and would recommend that other businesses try this type of advertising. We at Gold Fever were fortunate to start advertising in one store. Now with the good results of RTUI's advertising program, we now advertise in three stores and we always get a great return on our initial investment!!
