Number of Coupons Redeemed: Per Week: 10 Per Month: 40

Comments:

We have been participating in the register tape program for three months now and have had an excellent return on our investment. We will absolutely renew our advertising and we just added a second store. You bet, we would definitely recommend that other businesses try this type of advertising. Just in the month of September, we've gotten in forty new patients and there's two days left, in the month!
