Number of Coupons Redeemed: Per Week: 70 Per Month: 280

Comments:

We have been participating in the register tape program for three years now and have had an excellent return on our investment. Yes I have renewed our advertising and I have recommend to other businesses to try this type of advertising. At first I was very skeptical but after about three to five months it kicked in. Now it has become the most consistent ad. I do on my forth year.
