**Comments:**

We started with one Fry's grocery store. We've done so well that today, we added our 5th store! We are on the receipt tape with four Fry's and now a Safeway store. Working with Lance & his team, we are well taken care of and look forward to a long relationship with RTUI. The return on our investment is excellent. We've been with this program for two years and recommend it to other businesses.
