Comments:

We have been participating in the register tape program for three years now and now we just took on a fourth grocery store. We have had an excellent return on our investment. We would absolutely recommend that businesses try this type of advertising. This program puts me in front of over eight thousand people daily on all four stores I do. My exposure gives me top visibility to families on a daily basis. Approximately, we're receiving eight to sixteen coupons, per month.

Signature: Emily Miller

The coupon features a logo with a stylized 'M' and hands, a QR code, and the school's name. It offers a free application fee (valued at \$50.00) for classes from toddler to third grade.
