**Comments:**

We have been participating in the receipt tape coupon program since 2013, that's 7 years. I just renewed for 2 more. It's a no brainer I see these coupons over and over again every day, every week and every month rain or shine. Excellent return on my investment. This is your best bet! It brings in new customers and reminds your existing customers to come in a lot more. I absolutely recommend this program!
