Comments:

I'm writing this long, overdue letter to thank you and RTUI staff, for the awesome job you guys have been doing. It's been a year since I have been advertising with RTUI. After the recession, my business was down almost ten to fifteen percent, and I have almost achieved what I lost. There is an increase in customer traffic in my restaurant, and I see lots of new customers, who come to my restaurant for the first time. I highly appreciate you and your hardworking staff's services. Thanks!
