Comments:

Best Advertising we've done. I have been with IndoorMedia for 3 months now and receive 180 coupons per month. That is $180 \times \$23$ each equals \$4,140.00 a month times 12 months = \$49,680 Annual Revenue. I would recommend this program to other businesses to try out. When the time comes, I will be renewing with IndoorMedia for another year as I find it an excellent investment
