Comments:

"I am Rodolfo, the cashier. We've been advertising at the Stater Bros. Market for a year now and just renewed our program. It's working great—we're seeing strong redemption numbers: about 9 per day, 63 per week, and 265 per month, with an average ticket of \$18. The coupon is consistently bringing in new customers, many using it for the first time. We've also noticed our regulars are coming in more often, taking advantage of the deal. Overall, the program has been a great success for us!"
